

# **PUBLIC PRIVATE PARTNERSHIP (PPP) PROGRAMME**

**APRIL 2015**

## **I. OBJECTIVE OF THE REPORT**

1. The purpose of this Report is to apprise our stakeholders on the status and progress of the country's Public Private Partnership (PPP) pipeline.

## **II. BACKGROUND TO THE PPP PROGRAMME IN KENYA**

2. The National Treasury, through the PPP Unit, is responsible for overall coordination, promotion, and oversight of the implementation of the PPP Program in the country.
3. In the recent past, the National Treasury has been committed to improving and strengthening the environment for private sector participation in the country. The following deliberate initiatives have been undertaken by the government:
  - a) In December 2011, a PPP Policy was adopted with the objective of articulating the government's commitment to PPPs and to provide a basis for the enactment of a PPP Law;
  - b) On 5<sup>th</sup> December 2012, the government received a credit from the World Bank for the Infrastructure Finance and Public Private Partnerships (IFPPP) Project. The overall objective of the project is to increase private sector investment in the Kenyan infrastructure market and to improve the enabling environment so as to generate a pipeline of bankable PPP projects;
  - c) In December 2012, the PPP Act was enacted into law and became effective on 8<sup>th</sup> February 2013;
  - d) Most recently, the gazettelement of the National PPP Regulations on 24<sup>th</sup> December 2014 and the development of draft PPP Regulations for the County governments; and
  - e) On-going: Development of a PPP manual to provide standard bidding documents, templates, toolkit/user guidelines.
4. The PPP Committee has approved a pipeline of 69 proposed PPP Projects whose status is provided here below:
